Core Technology

Cooperation Process

Services

12 years of industry experience, mature quotation system and technical support

- Provide technical consultation, pre-examination drawings, structural analysis, risk assessment, constructive design suggestions, cost analysis and other services
- Mature quotation system, 8 sales engineers provide online quotation within 30 minutes to 2 hours from 8:00 to 24:00
- Processed 475 kinds of materials, spectrometer detects material authenticity
- 21 surface treatment processes, 8 fixture patents

High-precision production equipment, high-quality production personnel, guaranteed delivery time

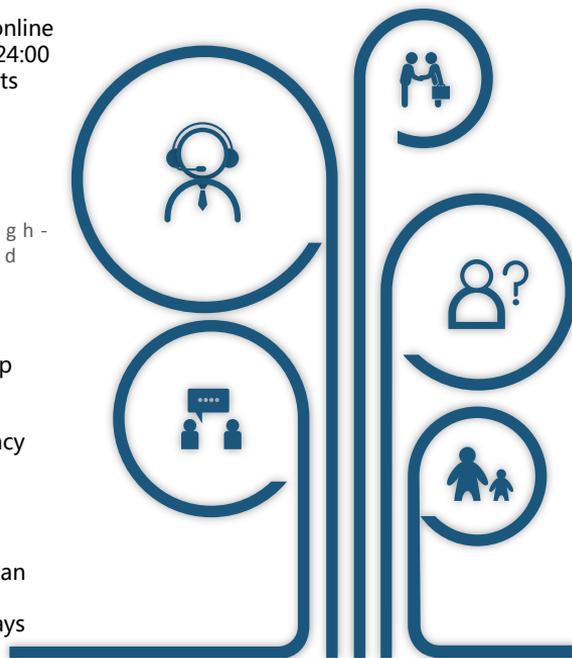

- 26 CNC and other processing equipment, 24-hour shifts, 3,000 square meters of independent workshop
- 6 4-axis CNC machines, 8 CNC with tool magazine, maximum travel 1,300mm
- Using dynamic milling technology, roughing efficiency increased by 50%
- Stable staff, 68 employees in the company, 90% of whom have been employed for more than 5 years
- Business and order follow-up personnel are all employed after training and assessment for more than 3 years, and special personnel follow up
- 1-5 days for CNC processing of 1-10 pieces, 7-15 days for small batch production of 100-1,000 pieces

Engineers review drawings to eliminate problems, and advanced testing equipment ensures quality

- Engineers pre-review drawings, focus on accuracy and assembly, and develop processing plans
- Original imported CNC processing equipment, BT spindle, finish Ra1.6, tolerance $\pm 0.005\text{mm}$
- Good at complex workpieces, can customize special fixtures and jigs for projects
- 21 types of testing equipment such as fully automatic three-dimensional coordinate detector, two-dimensional, height meter
- Each product has at least 4 full inspection processes
- Passed ISO9001:2015 quality system certification

Diversified customized processing saves time and effort
Actively respond to customer needs before and after sales

- Zhuanxin Precision's unique diversified customized processing method = 475 materials x 28 processing techniques x 21 surface treatments x customized packaging
- 3 free policies: free process consultation fee x free modification fee x free proofing fee
- 3021 after-sales rules: 30-minute response, 2-hour solution, 1-day solution
- Return visit to new customers within 3 days, collect customer satisfaction surveys every quarter, and continuously improve
